## **DETAILED ACTION**

### ***Response to Amendment***

1. Applicants informed Examiner Gugliotta via telephone on December 19, 2008 that they filed on December 19, 2008 an amendment canceling claims 15 and 16.

### ***Allowable Subject Matter***

2. Claims 9 – 14, 17 and 18 are allowed.

3. The following is an examiner's statement of reasons for allowance: Applicant's claims limit 25% or less of the pores in the intermediate layer of a honeycomb structure to have a diameter of 0.5  $\mu\text{m}$  or more. The closest prior art is Fujita et al. (US 2004/0079975 A1), in view of Hong et al. (US 2005/0079975), whom disclose a dense sealing material layer between honeycomb units (as discussed in the first office action). However, neither of these references, alone or in combination, discloses the presence of an intermediate layer or a specific pore size for that intermediate layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
